

MEMORIAL SCHOOL LATE BUS PERMISSION

In the event your child has permission to remain after regular school hours, he or she will need a **Late Bus Pass** to be eligible to ride an assigned late bus. (Please note: if your child walks to school and is not assigned a regular school bus, they will not receive a late bus pass). Please complete the following so the appropriate pass may be issued.

Student Name: _____ Homeroom: _____

I would like to request that my child be given a permanent late bus pass to be used for transportation home at the conclusion of the after school activities and/or extra help for which I have given him/her permission to attend during the school year 2009–2010. I understand that my child will be assigned to a specific late bus route according to our home address which I have given below. I also understand that students may ride **only their assigned** bus home.
